## Echo

The Lexmoto Echo is a bike that encompasses all of the brand values associated with the Lexmoto range. A smooth 4 stroke motor delivers performance and reliability that make it a sheer joy to ride. The stylish modern design makes the Echo stand out and attract lots of positive attention and with details like the LED rear cluster and Headlight surround the Echo continues to turn heads long after the sun has set. Unlike the FM the Echo features 10" wheels which deliver nippy acceleration compared to the 12" counterpart.
