PULSE
MOTORCYCLES

Scout49

The success of the Scout is down to its simplicity. A clean design and easy to ride experience have been the foundations that has made the Pulse the UK's top selling 50cc scooter year after year! A tried and tested model, The Scout features substantial build quality and reliability for a fraction of the price of its European and Japanese rivals. With a smooth 4 stroke engine this is a perfect introduction for beginners whilst being dependable enough to satisfy experienced moped riders alike. Thousands of people have called the Scout their first bike and even more have enjoyed its unbeatable value.

Will you be the next?
